## Faith with Courage

*Within this motto we have tried to capture something of the essence of the life of Mary. At the same time we wished the motto to encapsulate a message or theme on which our youngsters can base their approach to life. Mary is the supreme example for the human race of a faith-filled response to the Word of God. In effect, by her actions, she accepted the gift of SALVATION on behalf of the human race. It is most likely that she did so in confusion and lack of understanding. In this context the depth and strength of her FAITH is all the more remarkable. Mary's faith continued to develop throughout her life and did so at times in the face of great personal sadness and difficulty. She showed great COURAGE in holding onto and being open to the growth of her faith. Many of us have faith but sometimes lack the courage to fully live it out.*

*Thus we hope and pray that all within the Mater Dei Community will strive to emulate Mary in the manner in which she responded to God's gift of faith and in the courage she displayed in living it out.*

*We believe that the theme of the motto is applicable to all our lives in a variety of ways. Mater Dei College believes in the dignity and the nurturing of the individual and seeks to follow, with courage, Mary's example of faith.*
